# ROOM TO GROW: AGRIBUSINESS IN DRUM COUNTRY NY

## DRUM COUNTRY IS DAIRY COUNTRY

According to the 2020 NYS Department of Agriculture and Markets Dairy Statistics Summary, the region's

**90,000**  
DAIRY COWS PRODUCED

**181,796,000**  
POUNDS OF MILK

This makes our region a great place to locate your dairy processing facility. There is plenty of room in the current supply chain to add processing capacity and Drum Country is ready to share this with you!

## ABUNDANCE OF WATER

Our four-season climate with minimal extremes makes Drum Country prime for your agribusiness. The region is abundant with water sources from the Adirondacks, as well as a temperate climate. While the region boasts moderate snowfall, the infra-

structure is resilient to support minimal disruption to the supply chain. In other words,

## WE ARE DRUM COUNTRY STRONG!

## AFFORDABLE ENERGY IS KING

Our region offers *low-cost power programs* through a variety of sources including the New York Power Authority hydro-facility. Wind and solar renewable energy projects thrive throughout the region, which drive New York State's push for a clean, resilient, and affordable energy system.

## AVAILABILITY OF LAND

Locations with ready infrastructure are here for your business, and compared to other parts of the country, are at a **comparably lower cost**. This is coupled too with incentive programs available for tax abatement programs, and a culture that supports agriculture and agribusiness.
